

NATIONAL
Granite Recycling
Network

www.RecycledGranite.com the World's Leader in
Granite Recycling hosts National Granite Recycling
Convention Nashville, TN!

National Granite Recycling Network Members from across the country joined forces to share ideas that have developed the granite recycling industry into a globally recycled material!

Mission: "The National Granite Recycling Network promotes granite recycling concepts and innovations to create jobs, reduce waste and make the world a better place". We are a group of individuals from across the country who have taken advantage of one of the heaviest by-products in the market and turned the granite waste material into incredibly beautiful, sellable products, such as landscaping pavers, split stone veneer tiles and recycled granite aggregates.

For additional information on joining the network please contact
Dale Pearson at 830-480-9955 or email:
Dale@RecycledGranite.com.
